◆ TRANSLATION

BG 11.9: Sanjay said: O King, having spoken thus, the Supreme Lord of Yog, Shree Krishna, displayed his divine and opulent form to Arjun.

◆ COMMENTARY

Arjun had referred to Shree Krishna as “Yogeshwar” in verse 11.4. Now, Sanjay refers to him as “Maha-Yogeshwar,” adding the superlative “great” to the address “Lord of all yogis.” Sanjay was bestowed with the gift of far-sighted vision by his Guru, Ved Vyas. So he also beheld the Lord’s cosmic form in the same manner as Arjun saw it. In the next four verses, Sanjay describes to Dhritarashtra what Arjun saw. The word aishwarya means “opulence.” The cosmic form of God is replete with the manifestation of his opulences, and it invokes fear, awe, and reverence in the beholder.

The 5 Golden Rules for Personal Development

The path to personal development is a windy road with many challenges, but having a good plan will help you navigate it easily. If you start now, and start small, big things can happen. There are a few general rules to follow when working to develop yourself personally or professionally. Keep reading to discover the five golden rules of a great personal development plan!

Rule #1. Set one goal
 If you are ready to accelerate your personal development and make the changes you promised yourself, you must start with one goal.

Be specific, clear, and concise, and set a realistic time frame for completion.

For example, rather than saying, “I want to lose weight,” say, “I want to lose 5 kgs by August 1”.

This is the most important aspect of personal development.

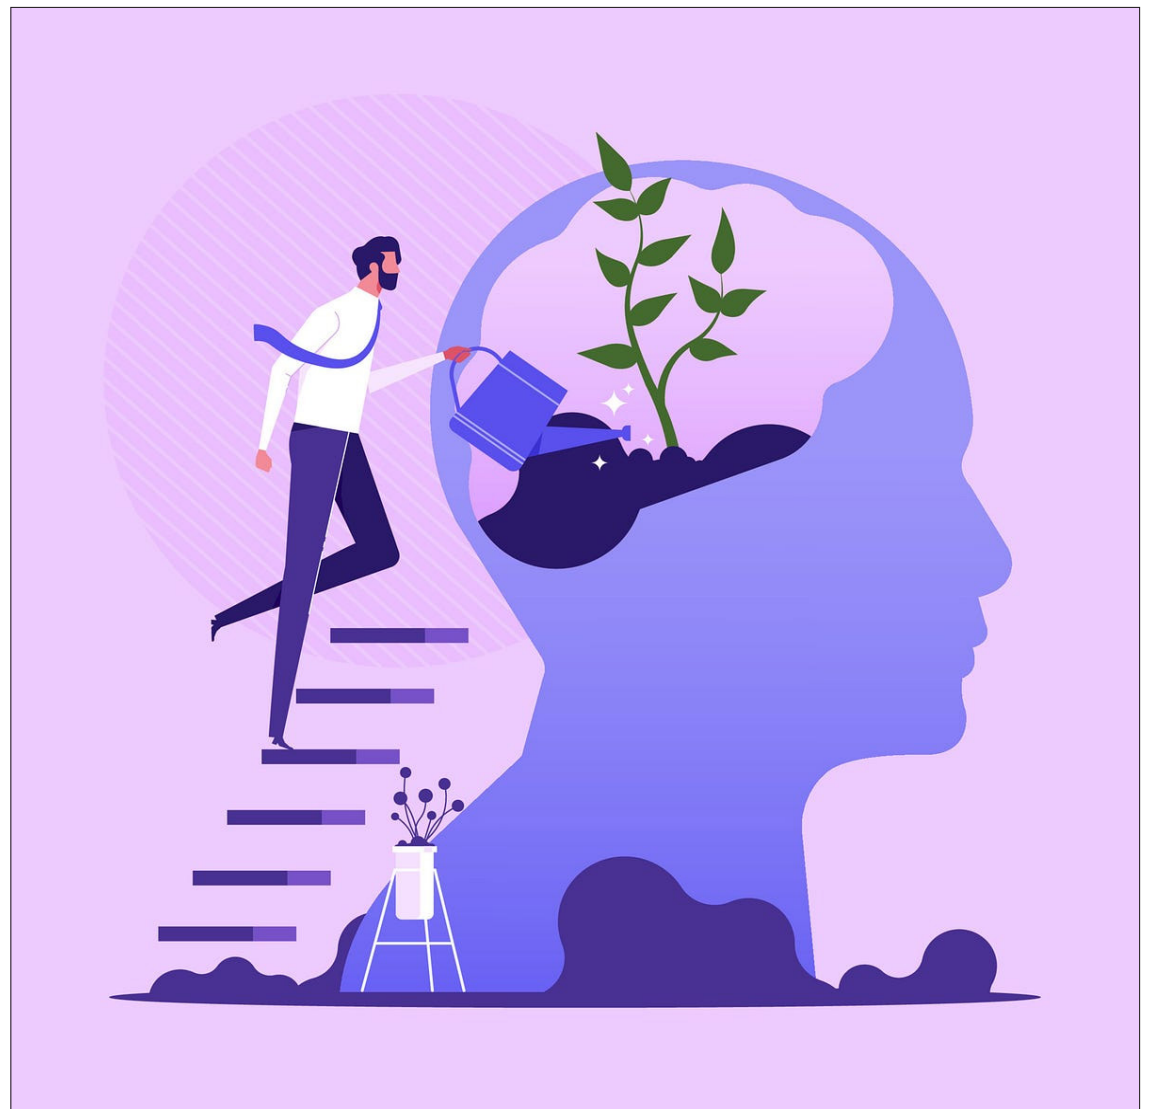

Rule #2. Surround yourself with support

Every successful athlete, business person, scholar, parent, etc., acknowledges that their success was achieved with a tremendous amount of support along the way. Support can be a coach, therapist, friend, partner, book, YouTube video, support group – you name it. Share your goals with successful people and people who want to achieve the same thing as you, and you will gain personal development.

Rule #3. Start today

If you are even thinking about making a change in your life or wanting more adventure in your life...the time to start is today.

Now. Right now. That is a big key to personal development. Do one action that

moves you one step forward concerning your dreams and ambitions.

There is never a “good time” or “right time.” The time is now, today.

“The way to get started is to quit talking and begin doing.” – Walt Disney

Rule #4. Do one thing every day that moves you forward

One of the major obstacles people face in making changes in their lives is setting lofty

goals and thinking too far ahead. Some even make the mistake of creating ‘to-do’ lists that are too long and overwhelming. Try one thing every day that moves you forward.

This is an excellent way to jumpstart your personal growth. Before you know it... you will have made significant changes in your life.

Rule #5. Celebrate yourself!

Jumpstarting your personal development requires commit-

ment, effort, and, most of all, courage. It is essential to celebrate your successes – however big or small.

Acknowledge and celebrate every step you take. Cheer yourself on, pat yourself on the back, share your accomplishments with others, and appreciate your bravery in trying new things. You deserve the credit for making changes!

Hopefully, these golden rules for personal development help start you down the path of growth.

Word of the Day

PANACHE

noun puh-NAHSH

What It Means

In simplest terms, panache refers to lively grace and style; it appears in contexts in which words like verve and flair are also applied.

// The cast of the play was excellent—even those

playing supporting characters acted with great panache.

PANACHE in Context

“The star appeared as an airline pilot, twirling her way through baggage reclaim while shrugging off a bevy of useless men—a surgeon, a priest, a magician, an astronaut. It made absolutely no sense, but she delivered it with such panache that it barely mattered—even when she ended the performance by pulling a dove out of a top hat.” – Mark Savage et al., BBC, 2 Feb. 2026

Did You Know?

Few literary characters can match the panache of French poet and soldier Cyrano de Bergerac, from Edmond Rostand’s 1897 play of the same name. In his dying moments, Cyrano declares that the one thing left to him is his panache, and that assertion at once demonstrates the meaning of the word and draws upon its history. In both French and English, panache (which traces back to Late Latin pinnaculum, “small wing”) originally referred to a showy, feathery plume on a hat or helmet.
