# Three-day Cervical Cancer Screening, Treatment Camp conducted at Nubra under Mission Shakti

EARTH NEWS SERVICE

**NUBRA:** A three-day Cervical Cancer Screening and Treatment Camp was successfully conducted at Hunder Village, Nubra, beginning from 29th August 2025 under the Mission Shakti initiative.

The camp was jointly organized by the Department of Social and Tribal Welfare in collaboration with the Himalayan Women's Health Project (HWWP) headed by Dr. Nordan Otzer and Dr. Swee CHONG, with active support from the Health Department and wholehearted cooperation of the Hunder villagers headed by Stanzin Choshpel (Goba), Nyamthun Thundel Tsogspa Hunder and Ama Tsogspas of Hunder Village.

A dedicated team comprising 21 gynecologists and volunteers rendered their services during the camp. Over the course of three days, a total of 525 women were screened for cervical cancer and other gynaecological health concerns.

Among them, 143 women received immediate treatment on-site, highlighting both the urgent

need for such interventions and the effectiveness of the outreach program.

The camp not only provided vital screening and treatment but also served as an important platform for spreading awareness about women's health, prevention of cervical cancer, and the significance of early detection.

The active participation of women from Hunder and neighboring villages reflected the growing awareness and trust in community-based health initiatives.

The organizers expressed gratitude to the villagers of Hunder for their warm support and hospitality, which played a key role in the smooth execution of the camp.

The success of this initiative highlights the importance of collaborative efforts between government departments, volunteers, healthcare professionals, and local communities in addressing critical health issues of women in remote regions like Nubra.

## Drass Warrior Defence Training Node launched to empower youth for Armed Forces Careers

**DRASS:** In a step towards empowering the youth of frontier region Drass, Government Degree College Drass, in collaboration with the Indian Army and Major Kulthe Defence Education Institute, launched the Drass Warrior Defence Training Node and conducted the first-ever entrance examination for aspiring defence candidates.

The initiative holds immense importance as it opens a structured pathway for students of remote Drass to prepare for prestigious Armed Forces examinations like NDA, CDS, and SSC Defence entries. With over 70 students appearing in the entrance exam, the program reflects the growing enthusiasm among local youth to serve the nation.

The training node, supported by the Indian Army, will provide expert guidance, mentorship, and resources that were earlier inaccessible in such far-flung areas. This effort is expected to bridge the gap between aspirations and opportunities, empowering students to compete with their peers across the country.

Speaking on the occasion, Principal Professor Nasir Shabani emphasized that the initiative is not only about preparing for exams but also about instilling confidence, discipline, and a spirit of service in the youth of Drass.

Lieutenant Colonel Bibanshu Dundiya, Shaurya Chakra, highlighted the Army's commitment to nurturing local talent and assured full support in guiding students towards a career in the Armed Forces.
